“ He and my grandmother created this BEAUTIFUL big tree that we call FAMILY that I am so very blessed and thankful for each and every day! He and my grandmother were the definition of true unconditional love! The things I could tell you about their relationship is something out of a fairytale, to say the least. They shared 70 years of wedded bliss—how incredible! His love was the kindest, his love was the purest and his love was, and forever will be, the strongest! It was one of those kinds of love that no matter what you gave back it would never be equivalent to the kind of love that you were going to receive. He and my grandmother created such a strong foundation for this family to build off of and a relationship to idolize. I will forever strive to be as PATIENT, LOVING, and HUMBLE as you were in my own relationship. I would call and Grandma would turn the phone on speaker and I could hear Grandpa say from his living room chair “why don’t you just laugh for me once.” I watched a video of you this morning singing the national anthem, and your smile was priceless—so here is a big smile and a couple of giggles sent upstairs just for you, Grandpa! Your love will never be forgotten. His special kind of love was something that cannot be reciprocated!

“ Memories---where do I begin??

The first thing that came to mind was any time he (and my grandma Ramona) would visit (or I would visit them), the first thing I would hear every morning when I walked out of the bedroom was Grandpa singing, "Here she is... Miss America". Although I live in Florida, he (and my grandma) made it a point to attend all the important events in my life. The trait I will remember most is how much LOVE Grandpa and Grandma had for each other. It was like nothing I have ever seen and something I strive for in my own relationship...always patient and kind. With So Much Love, Kelly Koppenhofer-Hanlin
