“ Dear Miles & Family,  
Loved ones live on in the words they said, in lives they touched, and in the happiness we feel every time we remember them. We are thinking of you in deepest sympathy and heartfelt understanding. Although Amber and I lost touch throughout the years--she will forever live in my heart and memory.

She was my best friend in high school and college. She was the most positive and happiest person I've ever met in my entire life and she was the most loyal friend. She lived life to the absolute fullest. And she always taught me a lot of lessons along the way, like how to be a more responsible driver, how to not take life for granted (by encouraging me not to worry so much and to not sweat the little stuff), how to be a good friend (by letting stuff go) and even how to be a good daughter (because she was the most amazing daughter). But most importantly, she also taught me how she lived life to the fullest through courage.

She showed me that courage is not the absence of fear. It is the acting out your dreams and desires in spite of it. She wasn't afraid of anything. She was the Yin to my Yang. She was so brave on every account. I loved Amber very much. My husband Dave and I have so many fond memories of her. Our friend Monica (Arroyo) Wileman and I have even more loving memories of the beautiful girl we affectionately called "Grandma" from our years together in Bowling Green, Ohio. There is not a time that her name comes up where a hilarious and positively exhilarating story is told eliciting lots of warm and fuzzies, and nostalgia. WE ALL LOVED AMBER! I feel truly blessed to have known her.

Our hearts are with you.  
Sending you lots of love on this day and always,
