“ Dear Barnes Family,

this is Dominik (Nick) from Germany.

Right now I am writing on a self-authoring program, which takes me through my past experiences, present life and dreams and goals of the future.

Starting with the past part, I just started to write about my time with your beautiful family in 1997/1998.

Inspired by that (and by my mum finding some old pictures in her basement not so long ago), I decided to try a Google search, to see if I could find out what you guys are up to.

Brad's Obituary was the second search that came up.

It has been a long time since I was part of your family and we haven't really had much contact since then, but every once in a while, you come up in my dreams and memories and I am thankful for the time we spent together.

It has been a long time... but I still - and always will - see and feel Brad as my brother. For one year we not only shared a room together, but also a family and so much love. Reading about his passing brought tears to my eyes and a sting of loss into my heart.

It also brought back some fond memories though. The passing of a loved one is always indescribably painful, but I believe we owe it to them and to ourselves to also cherish the love and the joy they brought into our lives.

I would still like to write so much more, but this probably isn't the place for it. If you should read this and feel like contacting me, this is my e-mail: DRisse@gmx.com

My deepest condolences go out to each and every one of you.

Much love,

Dominik
