“ I just heard about Chad today and was very sad to hear about his passing. He was a colleague of mine at Eaton Corporation in Maumee when we both worked there and he always was a fun guy to talk with and very helpful to me when I had any problems. Our thoughts and prayers are with his family and his two daughters.

“ Back in high school, I worked with Chad at Traditions and, in more recent years, Tim and I had some opportunities to share some laughs with him. He always had a way of telling you a story of his adventures that had you laughing to the point of tears. Our thoughts and prayers are with Chad's family and friends at this difficult time.

“ I have to write this because my Aunt never found out about our little secret.

My favorite memory of my Uncle was when he use to buy pizza at 2 in the morning and no one knew that he was doing that. I had spent some time living with them and I had happened to be up at that time finishing up a 12 page research paper for college. I decided to have a little fun with him when I saw the pizza car show up. He had all the lights turned out and when he opened the back door, I asked what he was doing and gave him a heart attack. Uncle Chad thought I was my Aunt and tried to bribe me with pizza to keep quiet. We both laughed about what happened and we never talked about it but I would also get dirty looks from him when I would have an evil grin my face.

I will always remember that moment and also when he tried to cover for me hitting the garage door with my car.

Thanks Uncle Chad for everything and you will be missed greatly.

“ When I think of Chad, I remember the times at Christmas when the Spangler girls always set up a play and all the fixings to go with it. Chad, like all the rest participated. One year he was an angel, a foot taller than most of the other cousins all dressing up with wings and a halo. Such great times we had with the kids at that age. May we all find peace in the many good memories.

He and I were friends through working at Traditions Restaurant way back when, and reconnected via social media recently. “ My heart aches for the Meyer family - especially the two beautiful girls who have to say good bye to their daddy. It's difficult to know why the Lord calls people to be with Him, but there is a reason. I pray for peace and understanding that only the Lord can provide. May the memories warm your heart for a long time to come.

“ Words can not express how sorry I was to hear of your loss. Chad was a very close friend growing up, and although life took us down different paths, I still consider him to be just that. He will be missed greatly. I'll never forget all the music we played together - both the good and the not so good. But most of all I'll remember the laughs. Godspeed dear friend.

“ Although I haven't seen Chad much over the years, social media has kept us somewhat close. I spent 4 years with Chad at OU and considered him to be a great friend. I have super memories and laughs that I'll hold onto forever and will cherish the times we had together back in the day. I think of him often when I hear songs on the radio that he used to play on his guitar in our dorm. We used to sit out in the hallway sometimes most of the night just talking about life. He was a great man and will be missed by so many!!! RIP my great friend, I will miss you!!!
