So sorry to learn of Dan's passing. Back when the F-1s were arriving at Toledo, he was my go to guy outside of Ops. I am eternally grateful for Dan helping me weather the transition from active duty to the ANG back in '92 when I joined the 180th. His cool and calm demeanor always impressed me. He'll be missed.

My sincere sympathy and prayers to Dan's family. Dan was one of the most knowledgeable persons in Aircraft Avionics at the 180th Fighter Wing. He was a great supervisor and mentor to many of us there. May the Lord's peace be with him and his family.
