“ Like you, Jane, I was the only girl in my family of 5 brothers and your mom was like a big sister. I really missed her when she & your dad moved to Arizona. However, your mother was an exceptional letter writer! We always looked forward to hearing from her and all the news of your family. She wrote in such detail it was as if we were reading a movie! She was such a caring and generous person with her time and energy and had an easy laugh that made everyone feel warm and welcomed. I will miss visiting with her when I come to Napoleon. Those were such special times when we'd get together with Lettie and share news and memories. Wishing you peace and comfort in the loving memories of your mother. ~Julie Speiser Gatza

“ I can only say that Deni (and Fred) made me always feel a part of their family. They welcomed me and made me feel at home. I have nothing but love and respect for them. I can also say that by observing and experiencing the love their children have for them and each other, they raised their family the right way. What a privilege and joy to be part of this group (and not to be plaid! 🙄: 1:) Rest in peace together Deni and Fred.

“ Deni knew that my daughter Gracie loved her baked beans. So, every church meal she would make a crock pot of baked beans and send the leftovers home with us. One time when Deni couldn't be there, another member made the beans (for Gracie). Gracie appreciated it, but said to me later that they just weren't Deni's. <3
