“ When Dexter was a freshman at Ridgeville High School, he was a student in my freshman English class. He was the kind of student that any teacher would appreciate having in class. I also remember that when he was in the second grade he was in my sister's class and during that year she was married, and I subbed for her for a week. When she came back, Dexter told her that he got his numbers better when I was teaching. That was kind of him on my part but I was rather surprised that my sister shared it. I also remember his responding to my call for help when my husband needed to go to be taken to the hospital. It's always good to see a former student do so much good in the community. My sincere sympathy to his family.

“ I am very sorry to hear of Dexter's passing. Dex and I were best buddies in the RHS Band and I have fond memories of many concerts and parades. In even earlier times we created some fun improvisations with puppets and marionettes on a stage in Dexter's family basement and later dramatic shows on a reel to reel tape recorder. I remember one along the lines of an invasion of aliens. Rest in peace friend. -Douglas Meyer, State College, PA

“ I was saddened with the news of the loss of Dexter. I recall his commitment to the Ridgeville Fire Department and the many times of seeing his truck speeding to the station. His relentless desire to keep Ridgeville Corners strong and relevant was unmatched.

I can also attest to his deep love for Bird Lake. Dexter wanted his family and friends to enjoy his haven and he enriched the lake community with many developments during his reign. A recent display of his love for his life partner is shown in the garden next to his lake home especially designed for his late wife Jan. I feel fortunate to have enjoyed many laughs and stories with Dexter. He is truly a hero to me and undoubtedly many others throughout his years with us. He will be greatly missed as a good and faith filled man.

“ From the first we met Dexter, he also made us feel very welcome in his home. On the couple of times we were able to make it to Bird Lake, he thoroughly enjoyed taking us for cruise on the lake.

“ It is with great sadness to learn of Dexters passing. I always enjoyed having the pleasure of visiting with Dexter when he would stop in the bakery. It was usually on Thursday afternoon when he was on his way to the lake. We would talk about lake life and the fire service as he was friends with my father in law who was Wauseon’s fire chief. Heaven is a better place with Dexter and he left a large footprint here. Sincere sympathy to his family.

“ I had the privilege of spending several minutes talking with Dexter last fall when the AHS & RHS Alumni Band met for the homecoming football game performance. Dexter played his saxophone in the band along with his sons and grandson. I was the Archbold band director when all three of his children were in the band. He was always very supportive and willing to help in any way possible to make all the students' musical experience a positive one! I have nothing but the highest respect and appreciation for Dexter and his family and offer my sincerest sympathy to them in this difficult time.
