“ Dolly we met thru your daughter and and son. They became family to me and so did you. I want to say thank you for having a daughter who became my best friend. I also want to thank you for having a son who became like one of my own kids. You raised your kids to be caring loving and generous just like you. I am proud to have known you. Thank you for being a part of my life.

Aunt Dolly I have alot of memories I could write about but my favorite is at a family reunion in Beatty Park. You gave one of your kids a whipping and I laughed so you came and gave me one. I loved you then and love you now. Go rest in peace and tell everyone up there I love them too.

Mom, well what can I say, there are no words that can tell you how much you mean to me. I only hope i am half the woman you were here on earth. I know you were not always happy with the decisions I made in my life. But you always let me make those mistakes on my own. A few days before you went to heaven you and I had a heart to heart that I will forever cherish. I am very honored that you allowed me to be there to help take care of you. I love you mom and miss you like crazy. Enjoy your ride now beautiful lady, you deserve it. Give everyone hugs and kisses for me.
