“Cousin Donny was a joy to be around. He excelled in family, education, athletics, singing and business to name a few. One of the rare people who were extremely competitive yet humble in victory and gracious in defeat. He never took himself too seriously and he was always encouraging and generous to others. Never one to complain, he navigated challenges with a smile. His ability to focus enabled him to set a record for consecutive foul shots at Cardinal Mooney that lasted for decades. I watched him sing acapella on his wedding day as his bride Mary came down the aisle. Family was important to him. Donny was an inspiration to all of us and will be sadly missed. Cousin Wes.

“ When the Beverage plant converted to PET bottles, Don was a one man show, the only supervisor on second shift. He put better numbers up than the two other shifts. He had a great way of working with and helping the crew.
