“*Eileen and I were classmates at THSN. I'm pretty sure she graduated at the top of our class. I always appreciated and looked forward to her "study groups". The night before exams we'd gather in her/a classmates room and review subject material. Academia seemed to come very easy for her. She'd formulate questions for discussion, set up practice tests and always share openly her knowledge when asked.*  
*She was a strong and energetic force on our successful BB team and win or lose, we always had a fun celebration post game!*  
*Sorry to hear of Eileen's passing. I have many great memories of her.*
