“ *Jim was very unique at knowing farming and had a clean garden. Him and I went to auctions, car lots, ate breakfasts out on occasion. If I ever needed a hand if he could he was there. I enjoyed welding things for him if I could. The thing I cherished most was working on his Ferguson TO 30 tractor. Converting it to 12 volt lighting, adding a few switches and alternator. A two hour job turned into a few days we did more than we had planned I enjoyed all the times and adventures we had. I am saddened for his loss, but He is at peace now. May all his family support each other at this sad time, Jim loved Darlene and all his family very much Bob & Dorothy Webb.*

*Darlene and family,
I wanted to let you know that Jim meant a lot to me. Working in the
spice room with him was a joy. He made work tolerable. He was one of
those guys that everyone would take a liking to. I was privileged to
work with him for so many years. Prayers for him and your family.
Our sincere condolences.
