“ Our most sincere sympathies and condolences to Pam and the boys. Jim was a great educator, colleague, and most of all friend. He generously donated his time and knowledge to the model engineering world and will be sadly missed. He will forever be in the hearts and minds of those he touched - his family, his students, his co-workers and those he knew through his work as a board member and Secretary of the North American Model Engineering Society. Our prayers go out to Jim's family and friends.

“ So sorry to hear about Jim. I think about you folks every once in a while when I remember our Sunday School class. So many of our members have gone on ahead of us already. We did have great friendships in that class.

My sincere sympathy to you, Pam, and the boys. May God give you strength and wisdom and courage at this most difficult time.

*Sincerely,
Rose Marie Cole*
