“ My dear friend, I am deeply touched in my heart at the thought of you not being there to speak with. You have and always, will ever be a sweet Spirit. That was always a strong and sensitive encouragement for all who were privileged to know you. Until we are all United together soon. We hold your light in our hearts.

“ It is so hard to believe that Josie is gone. Our hearts break for Bill and the family. My recent experience with Bill and Josie showed me how important Josie was to Bill, and that she was his first and foremost priority. There are no words that could possibly make this loss any easier. So we will hold you all in our prayers and ask that you find peace in your memories and joy in the time you had together.

With sincere sympathy,

“ To say I’m broken hearted and in shock would be an understatement. Josie was like a second Momma to me. She had a way of brightening up any room she was in. I remember her big beautiful smile! She was an incredible influence in the lives of my family. She will forever be loved and missed by us. So many great times! My prayers and love for all of the family.
