“ *Very sad to hear the passing of Ken. So many I worked with at Campbell's has passed. About the last 10 years before my retirement in 2009, we worked together as a team. We all called him Bracket man. When he built conduit racks or 20 Kw transformer frames you knew they would not fall down. Ken was one of the best to work with. He was a worker. I send my prayers to all his family and relation. God has gained, we have lost Ken, but I have many great memories. May God ease your sorrow. Robert Webb (Bob), a fellow Electrician.*
