“ Linda and Bob came to visit us in Virginia Beach many years ago. While here, she brought us some lovely yellow flowers to plant in our garden. They have survived all these years despite other plants trying to take over. The flowers were as strong as Linda and always reminded us of her when we looked at them. We now have a wall of the same flowers we just planted in her memory -- we call it the "Linda Wall" and can look at it every day from our sunroom windows to remind us of her outer and inner beauty.

“ Linda and I worked together at Arrow Molded Plastics and became very good friends . Linda loved her children and her grandchildren dearly. We went back and forth to each others homes , I was the first one to highlight Linda's hair and she loved it. Linda and Suzy came to Florida to visit after I moved down here , I cooked Chicken on the grill , we had a great time. I will always remember Linda as the kindest , good hearted person I know , she would give and give and give . She loved life . Rest In Peace Linda you are a beautiful angel looking down on all who love you :)
