“ I have known Lois since we were in kindergarten. We went through grade school and high school together along with several friends. Lois was always cheerful, had a ready smile and a great laugh. My fondest memories are when our group of friends attended our 25th and 50th high school class reunions as a group. At our 50th we took a tour of Oak Park to see how things had changed. And as a group we drove by the houses where we grew up and were surprised at how small those houses were compared to the houses we lived in 50 years later. We all joked and laughed about that. We had lots of fun growing up square dancing, having sleep-overs and having parties that our Moms put together. After high school, college and marriages meant we all lived quite far apart, but we kept in touch all these years through Christmas cards. We will all miss Lois. To Lois' daughters I extend my sincere sympathy and hope the wonderful memories of your Mom (and Dad) will sustain you in this difficult time. In sympathy, JoAnn Ball Morrison Griffin.

Thanks JoAnn. Found you in the 1944 Long Fellow School R. Jensik class picture and what I think is your 8th grade class picture. Thanks for your lifelong love and support to our Mother.

“ Lois and I were friends since kindergarten. We played sports together in school. and in the neighbors. In our younger years, we visited the outside of Ascension church to watch the pretty brides as they exited the church near us. We roller-skated playing tag in the lanes, we drew in the street. We walked to school all 13 years even the mile to the high school. We had great times together. She swam the backstroke at a place downtown in Chicago.. In high school, we had to take swimming class once a year for 4 years. We both could swim well so took all the life-saving, synchronized etc..since we were good swimmers..

we played softball and basketball, field hockey or whatever was available. When In junior high she and I took the train to see my grandmother at her cottage on a lake in Michigan. I remembered we were sent to pick strawberries at the nearby farm. I think we ate more than we picked. . We had fun swimming and sailing.

the first time I went to see a movie alone was with Lois. . We walked the 5 blocks to a nearby shopping center to see the afternoon showing of Pinochle. We had many good times. We always went to the high school reunions together until the last one when her health was not as good.

I am so sorry to hear of her demise but will always cherish the good memories of riding bikes and all the other things we did. throughout the years. Though we did not live nearby in later years we talked and saw each other for the reunions at least.
