“ *Dear Miller Family,
My condolences to your family. So sorry to hear of the passing of Ms. Minnie. It was always nice seeing your family when our mom would bring Michael and I to Kentucky for the Lincoln school reunions for a visit; when we were kids and your family was it town too. I pray that the family will find comfort in knowing that Ms. Minnie led a full and wonderful life that created a legacy for your family and for generations to come. Blessings to all; to help you through this difficult time.*

“ Momma, one of my memories i will share is when we traveled to Kentucky and stayed at the Holiday Inn in Cincinnati because of heavy rain. The hotel was awful. However, we made the best of it because we laughed at how we were not going to sleep in the beds! So we slept on top of the covers , on top of our suitcases! The next morning when we got up, we all wanted to see the pool, and the pool was completely dried with cracks in it! All we could do is laugh and get back on the road, heading to Kentucky . I love you Mom and will miss greatly miss our early morning telephone calls. With kisses from earth to heaven, your youngest daughter, Jessica.

P.S. please tell daddy and Bob hello from us all.

“ My condolences. Minni was a close friend of my grandmother, Sharron Leonard. They worked together for a long time and we always considered her family. Such a part that she would attend family functions, even my graduation years ago. She will be greatly missed.

“ *I worked with Minnie for years and she has always took her work seriously, but she made work fun. Minnie lived life to the fullest and always looked forward to all her trips and travels and she traveled a lot! When she was home she was always cooking the best ribs and chicken and was always welcoming all to share. She was kind and funny. Minnie raised a great family and had I know she is smiling down on them all. Minnie I will never forget all the good times we had and I know that heaven is a better place with an Angel like you amongst them. Barbara Sullivan*
