“ Sally was a good and faithful Democrat! There were many times she helped me with last minute requests for pies and of course, her FAMOUS BAKED BEAN RECIPE, plus many, many roasters of beans over the years. She made phone calls, put up signs in her yard and always with a smile. I am sure she would vote from above if it was allowed.

Rest in peace, Sal. You will be missed.

“ I have so many happy memories of Grandma Sal. All of my memories include her in one way or another. She was always always always there for me for everything, from making valentine boxes to attending my softball games (one of which she was ejected from). She gave me cooking lessons, and took me shopping, and made certain my vaccinations were always up to date LOL. After school I'd walk to the health department (where she worked for many years) she'd give me change and send me down to the vending machine while she checked my shot records and if I was due for a vaccine she'd send me back to the nurses office. My favorite memories were spent camping or sleeping over at her house. She spoiled us all so much. I miss her laugh and her phone calls and I will cherish every story she told me and every conversation we had. She was so very special to me.
