“ *One day while Steve was fishing at our house at the back of the pond, he found a snail fossil in the stones that lined the pond. I took the fossil to the anthropology department at University of Findlay, where I found out the fossil was 425 million years old. We HAVE always thought of, and WILL forever think of Steve whenever we look up at the fossil on our knick-knack shelf. He'll be thought of often.*

“ Uncle Stevie, I will miss you so very much. I love you. I know it's the lords wish to have you in his presence. You will be missed by family and friends more than words can express. Your time was short but you left so many memories for us to share. As we continue to live our lives you will always be here with us and watching us grow along the way to someday reunite with your family and loved ones. You are a beloved son, father, brother and uncle. May you forever rest in peace.
