“ I worked with Terri for many years at Rite Aid. I left in 2003 and the first few years kept in contact. She was a great lady and for me to feel sad these many years later, speaks to the kind of person she was. My sympathy to the family.

“ We had the pleasure of knowing Terri since high school, and although we lived in the same town, life has a way of leading us in different paths that don't often cross - but when they did, oh, what sunshine Terri gave! Always optimistic, genuine and caring - she always left us feeling happy, warmed by her smile and laugh. She will be missed by so many, Regan especially - our thoughts and prayers will remain with you. Take care & God bless.

“ My condolences to her family. I met Terri when she was the DM in the Jackson area, and quickly respected and admired the compassion and professionalism she showed to her employees. I'd like to let her husband know that her actions truly had an impact on my career at Rite Aid, and allowed me precious time with my mom before her passing, without the fear of losing my position. I will always be grateful to her for that gift of time. I'm very sorry for your loss.

“ Terri was one of the sweetest and most mature students I ever had in Jr High Art classes. As others have said before me, she transcended that 'us vs them' grouping so prevalent in a small town Jr High school situation. As she grew up, in high school and beyond, she continued to blossom and shine in our Napoleon area. A big 'thank you' to the man upstairs for the gift of her and a big hug and prayer to Regan and family at this sad time.

“ My heartfelt condolences to Regan, family and City of Napoleon on the loss of such a wonderful woman. She was called home far too early, but I am confident God has bigger plans for her in Heaven.

*I first met Terri in sixth grade and I was impressed with the ease with which she befriended everyone, and the confident manner she presented. I had spoken with her only a few times over the years, most recently ten years ago. I was in an awkward employment situation and carried a lot of animosity toward my employers. She listened to what I had to say and calmly presented several ideas to improve my situation. Time proved her right, but I never really thanked her for "talking me off the ledge."*

*Thank You, Terri. You have been a kind friend given to the service of others...A Servant's Heart. You left the world a much better place. I, among many, will miss you.*

“ I hired Terri as a clerk for Lane Drug in Napoleon in 1975 and have been associated with her professionally in some capacity ever since. Terri was bright, ambitious, outgoing, always had a smile on her face, and was the most positive person I have ever known. To say she will be missed is a monumental understatement. I am so fortunate to have known her, but so sorry I didn't get to say goodbye.

“ Like revelry in summer; like shooting stars at night; in the blink of an eye, it is done too soon. Today, as the merciful angels descend they sing a melancholy song; as the harsh winter breeze envelopes us, it whispers of warm, painless tranquility for those now gone; as time marches with regimented precision, the human heart will never, ever forget a life--that was done too soon.--Scott L Edwards, store 6678

*Terri was my Boss. She was very kind and fare in every way and such a beautiful person inside and out. She in my words was bigger than life itself. To see her reduced to a passing just makes me sick and truly unbelievable in my mind this could ever happen to such a wonderful person and such a huge pillar of strength in every way. I had the pleasure of knowing Terri for over 30 years. We started out as Lane Drug employees and continued our journey through acquisitions throughout the company. God must have needed you or he would have never taken you Terri. I will miss you tremendously. God bless you and your family and all the ones who loved you dearly. Work will never be the same without you. Ever !! I hope when god calls me that you will be one of the angels leading me home because you spent almost a lifetime leading me. “ *When I was a self-conscious, clumsy kid in high school, I thought of Terri as one of the prettiest girls in school. I also felt that she was way out of my league, but that was because of how I felt about myself, not because of Terri. Terri transcended all the high school cliques, as another classmate has said. She never looked down her nose at anyone, but was the real deal with real class and intelligence. When we were sophomores, she suggested that I run for Class President. I was like, "Who, me?" She said she and Sharon Hoy would be my campaign managers and they did and I won, strangely enough. That one little incident changed how I felt about myself from then on. Of all the millions of little, seemingly inconsequential things I have long forgotten, I'll never forget that kindness from Terri way back then and ever since. She floated everyone's confidence as far as I could see. It's such a great sadness that she, among all people, has left us so early.*

**Tim Westhoven** - February 03, 2014 at 10:48 AM

*Tim,  
Well said as always. You said much of the same things that I felt about Terry. I was the new kid in Napoleon and as big a geek as you will find. She always treated me right. For many years after graduating, I would stop in and Say Hi. She always made me feel that my short visit was the highlight of her day. She truly was one of the great souls of our class. I too, will miss her.*

“ During my twelve years as Mayor of Napoleon, I got to know one of the strongest women...strongest people...I ever had the privilege to know. Councilwoman Williams sat adjacent to me throughout my three terms, and I don't know if I ever shared with her the extent to which she assisted/affected me. Terri's presence was calming and gave me confidence. I truly missed her if she wasn't there, which fortunately, because of her work ethic, wasn't very often. She was intelligent, tough when she had to be, and yet very compassionate. She had her head and her heart in the right place and always conducted herself with such grace and always in the best interest of the City.

*I have known Terri for about ten years. She was an amazing person to work for and not only that she was an amazing person to know. She was always there when I needed something and you could tell she genuinely cared about the people who worked for her.*

“ *Terri was my Aunt, I have known her my entire life. I have so many great memories of going to the beach with her and Uncle Regan and all of the Williams family, playing scrabble, putting together puzzles, just being together as a family. She had a way of connecting everyone together at family events, even as small children she would always talk to us and see what was going on in our lives. That meant so much to us. She was a wonderful aunt, hard working business woman, and great friend to so many in the community. I will miss her so much. She was loved by so many. Regan, we are thinking of you. Let us know if you need anything. Love, Maureen (Williams) Johnson*
