“ I still think about Tim all the time. Troubled but wildly talented. The world was better with Tim in it.

“ I am so sorry to hear about the passing of Tim. He was one of my earliest friends and I have such fond memories of the two of us during the early years of our childhood. I remember riding my bike to the Leitner house and all of the kids, including the Clark's, riding our bikes to school. These are some wonderful memories. I wonder if anyone ever found out about us catching the sand hill on fire at Sigg's popcorn field? Or about us throwing those punctured aerosol cans into the local tavern on our way home from Central High School and then watching everyone run out the door? I can still hear Tim's contagious laugh just as we were scheming to do yet another practical joke Even though I had not talked to Tim for several years, I still fondly remember our friendship and have many great memories that I will treasure. I even still have that 2nd grade letter that he wrote me about being friends.
