“ Traci was a great mom. She has made choices that were good for her and her children. I, Amy now Sabrina am one of her kids. She has raised me as best as she could when I was younger but then myself and my siblings were taken away and put in the foster care system. I remember all the fun times we would have together. All the birthday parties that she put on for me. My mom is now no longer legally my mom but she will always be my mom by blood. I wish I could have seen her more often and got to know her more as I grew up but things had to go differently. I love my mom so much. I know that my mom is going to be greatly missed by a lot of people especially myself. But I know that she is in a way better place then on earth and that one day we will see each other again.

“ *Traci was my step mom. More of a mother to me and my children. We were very close and so was her grandkids. She loved taking the grandkids to the fair every year and even rode on the rides with them. We have had so many years of memories together. We laughed all the time. She was always there for me and my children. She will deeply be missed every day. Never a day that we will forget about her.*
