“ Did the Ohio Peace Officer rifle and shotgun instructor courses with Tyler over the summer and he was by far one of the liveliest officers in the class. A constant flow of jokes and positivity from him. He's definitely going to be missed in the law enforcement community. Rest in peace my Army veteran brother in blue! See you on the other side some day.

“ I worked with Tyler one summer before he was an officer. It was a third shift job and I was a college kid who had never had worked in that type of environment before, so naturally I was a little nervous. But from my very first day, Tyler was kind, friendly, and would go out of his way to help teach me the job, and to make me feel comfortable and safe in my new surroundings. I only worked with him for 3 months before going back to school, but in those 3 months I came to enjoy our friendship. I still today have memories of our conversations about music, cars, our bosses, politics (we disagreed on just about everything, but I really admired his intellect and respected how we presented his opinion), and just life in general. I know words can only mean so much to loved one's who have lost, but I hope his family can find comfort knowing that only having known Tyler for 3 months of my life, he made an impact with his kindness that still sits in my memories a decade plus later.

“ *Tyler recently helped another officer with a theft report on my behalf. His kindness and courteousness were greatly appreciated. My prayers are with his wife and girls in the days and weeks ahead. I am also praying for his folks. I lost my son in 2019 and personally understand the loss they are feeling. Lastly I pray for his brothers and sisters in the Police, Fire Department and EMS. God be with you all.*

“ The first time I met Tyler was at the Whitcomb Bash. Amy had always talked about Tyler to me at school, but I had never met him. Well, by the end of the night, he and his Napoleon PD buddies all had their shirts off...apparently this is a pretty routine thing for them. It was too funny. I only met Tyler once, but he had a good sense of humor. I appreciated that about him. It was heartwarming to see the bond between their brotherhood and wives. It was something special, there's no doubt about it.

“ I had the pleasure of watching Tyler grow from being a child to a man while working at Liberty Center. Tyler was very ornery as a child, but one of the most honest kids I have ever met. He always had a twinkle in his eye and a smile that showed his love for life and people. God speed Tyler and thank you for letting me be a small part of your life. “ I got to know Tyler when he was in High School at Liberty Center. He wasn't one of "my students" but he was a wonderfully polite and caring young man. After he graduated I was able to keep track of him through his mother, Jennifer. I know he was a caring & loving husband & father. Tyler will always hold a special place in my heart. He and his family will always be in my prayers.
