“ *Deepest condolences to Rita, Matt, & all the Feather Family. Wayne was one-of-a-kind. He'll be hard to replace but we all have wonderful memories of our times with Wayne.*

He was a proud Grand Rapids High School, Class of 1965 graduate. He was my classmate from 1st through 12th grade. Later on, he was the motivating force behind organizing many of our class' get-togethers & reunions. He was always concerned that our classmate Virgil Terwillager (Vietnam KIA-MIA) should be honored & remembered properly. Many times Wayne gave out Gideon Bibles at truck stops as a comfort to those on the road. These are just some of the things that Wayne did from his heart while always caring for others.

He will be greatly missed by all his GRHS classmates & friends.

“ I’m at a loss for words in hearing of Wayne’s passing..
It was 30 years ago this spring that I became Wayne’s first student at Whitacre Trucking.
Had an awesome time those few weeks in the truck with him...and it was his recommendation that I continue training others at Whitacre and later on urging me to go to Owens College and teach truck driving there as well..
Thanks to Wayne for opening doors for me that allowed me to become who I am today.
One of the many cute stories I can share is the time when I had just started training with Wayne. It was about the second day in the truck and we had went to Chicago to drop & hook, and come back. It was late in the evening when we got out of Chicago, and Wayne had me drive back to Weston...he was going to catch some sleep, and said if I get too tired to let him know & he’ll take over...Well, he’s over there in the passenger seat and I drive all the way back to Weston....I figured I would stop about 100 yards from the shop, stop the truck, set the brakes and act like I’ve pulled over...”hey Wayne....Wayne...can you take over?”....as he woke up, “sure...no problem, where are we?”...gotcha! 😂

It’s been a long time, Rita & Matt, you’re in my prayers....

“ Dear Rita and family

Our sincere condolences to you and your family. Wayne will be missed. I have known Wayne all of my life. We were country neighbors from birth and as we grew up. We were classmates all of the way through school. I learned a lot from Wayne especially as he faced many health issues. He handled these with dignity, grace and courage. I could only hope to do as well with similar challenges.

I would like to share a story about Wayne from my mother. A couple of days ago I took her a copy of Wayne's obituary. Later in the day mother's nurse , Sam, came to see her for her weekly check up. Mother likes to chat with Sam about what is going on. She mentioned to Sam that one of her son's high school classmates, Wayne Feather, had just passed away. Sam looked at her for a moment as he was thinking and then said I knew Wayne. It turns out that about 20 years ago Sam had decided he wanted to be a truck driver to supplement his income. Wayne taught him how to drive the big trucks. Wayne touched so many lives. He will be missed. He will be remembered.

With our deepest sympathy,

Doug and Cindy Box

“ *Well I was Wayne's in home respite care nurse through the VA. Though I did not get to be with these wonderful people long, Wayne and Rita have a way of touching hearts. Wayne was so gentle and understanding. He was patient and kind. He loved having long discussions about old cars. I too have a love for them. We watched you tube videos often on building or racing of different cars. From the beginning I felt like family. He was always sweet and ornery and liked to have a good time. I am so thankful that he is no longer in pain and can continue to fly high, as he told me he will forever go fast in his Henry J. Truly a blessing to know such wonderful people. 10-4 Good Buddy!! Much love, Gail Queen*

“ *I've known Wayne and Rita my whole life. Wayne always had a smile on his face and would always tell some little joke to make us (my brothers and I) laugh. When I think of Wayne, I think kind and sweet. He will be missed.*

“ God presented the opportunity for me to get to know Wayne and Rita last year and what an incredible blessing. Great memory sitting in the kitchen talking with Wayne about the many things we shared an interest in. I never got the opportunity to attend Huey 369 with Wayne but definitely was incredibly humbled to be invited to go with him. Also I will never forget spending some time in the barn with Wayne looking at his station wagon as well as some of the other cool things he had collected. Despite being shorter than I would have chosen I praise God for the time I got to really know Wayne and wont ever forget the time we hugged and told each other we loved one another. I felt 10 feet tall when I walked home that day. Wayne is standing in the Glory of our God now! That brings Joy to my heart.

“ A wonderful man who will be missed by all. My fondest memories are from the Liberty Center Library, when I called to let them know they had books in. He would usually answer the phone "hello, this is crystal... is Wayne available?" It was my favorite phone call to make in the mornings....
