“ I am very sad to hear of the passing of Bill, who was a good friend of mine from back in the days of our attending high school and middle school together in Newton. I have fond memories of Bill, and standing out especially was his great spirit of adventure and, of course his generosity. He would knock on the door and say, "let's go out" and there would begin a spirited evening, driving around visiting people or just driving the roads of rural Sussex County in I think what was a Ford Bronco (the original version) with a snow plow on the front. Maybe from a combination of Bill's enlistment in the Marine Corps and things occurring in my life after high school, we lost track of each other but touched base maybe a couple of times since those days in Newton. Funny though how in spite of this, I always considered Bill a good friend. I would consider myself very fortunate indeed if he always felt likewise of me.

“ We are going to miss Bill and very sad to have lost him. Although his suffering was great, he carried on in his service to God and followed his faith without fail. Denise and Bill are our adopted children's God parents. Bill and Denise have always been loved by the children. Bill and Denise have taken their God parenting seriously with Bill spending many hours at our home helping us. For that, we have been thankful and consider ourselves blessed to have had both in our family's life. We will not say goodbye to Bill for he will always be alive in our hearts and memories. Therefore, enjoy heaven Bill for you certainly deserve the privilege of shaking God's hand and being told... "Good job son... Welcome home." Cheryl, Joni, Savannah, Aria and Caleb (Johnson) Hillis

Bill loved having you guys in his life. He would tell me everything the kids did those times he spent with them and he always wanted to spend as much time as he could. All my love.

“ My deepest condolences to the Iliff family. I have nothing but fond memories of Bill in high school. He had a locker next to mine and was always pranking me. One day I'd find stinky socks, a moldy pbj sandwich and countless other "gifts". We could count on Bill to be on the sidelines taking photos of our games. I will always remember him as a funny and overall nice guy. Rest In Peace Bill.

Thank you so much for sharing your memories of him. He was a prankster for sure, the type of man that you had better not tell him you hate something he would find a way to buy lots of them for you. :) My joy was watching his dimple pop out just before he smiled because he had just noticed that I saw that new gift he had gotten me.
